

# GOD IN THIS HEALTH CRISIS

God is beyond our understanding, meaning God is beyond Science. We tend to ask proof about the existence of God and question all his ways, and yet he is still here guiding and revealing himself to us. While reflecting to the article made by MAHB Admin entitled: **“Finding God in the Pandemic: When We Ignore Science, We Ignore God”**, I remember the corporal and spiritual works of mercy: revealing that God is working physically (Science) and spiritually (Divine).

Isaiah 41:10:

*"Do not fear, for I am with you;  
do not be dismayed, for I am your God.  
I will strengthen you and help you;  
I will uphold you with my righteous right hand."*

God reveals himself in time of despair. Today, we have amplified feelings of doubt and anxiety because of the pandemic. And many people refrain from asking help from God because of what is happening. According to Isaiah 43 *“When you pass through the waters, I will be with you, and when you pass through the rivers, they will not sweep over you, and when you pass through the fire, you will not be burnt, the flames will not set you ablaze.”* Here, God tells us that we will pass through obstacles, because how can you know there’s help if there is no problem. How will you know you need light if you don’t pass through darkness.?

**Let us all remember, especially during these hard times, that even we are faithless, He is faithful.**
