# Extra Clothes and Blanket

- ❖ Extra Clothes are very important because in case that we get our safety and we're going back to our old normal we still have our clothes and privacy
- ❖ Blankets are very important because we won't know what will be the temperature when the disastrous event will happen it is good that we are prepared so that we won't get cold

# Important Documents

Important Documents are also important because in case of emergency we still have our identification, insurances, and personal documents that will make our identity known to the other people and will have our personal possessions and our authorities as a human person because it has our name on it that will be proven because of the documents we provided.
